

Honda Cars Are A Brand Apart

Honda made modest beginnings post World War II with its range of motorcycles. Honda then released their first road car in the early 1960s, they developed their first road car. Since then they have established themselves as the leader in the automobile industry. Honda has always gone beyond being just a manufacturer of reliable, fuel efficient cars. Honda cars provide a level of unsurpassed performance, comfort and mileage, what with a wide range of automobiles on offer. Occupying the fourth position in the global auto arena, Honda cars are well liked and sought after. With Honda you know that you will get just the right car that fits your lifestyle and is light on the pocket too.

The allure of Hondas cars is not limited to specific geographies. Oft times you will notice that Honda cars seem to hesitate with rebates and money back attractions. Frequently this is an attempt to offset resale losses especially in the domestic market. It is understandable therefore that Honda cars come with other incentives such as low APR and leasing options. With improved safety features, a more powerful engine as well as spacious seating for the sedan range, Honda cars offer value for money.

Honda car models range from Element, a model that is quite unusual, to the Civic, a prime example of small cars. Honda Civic has some valuable add ons such as an optional navigation structure and user controlled of tire pressure. The Honda Accord model has gone for a total redesign. The enhanced Honda car model, the Odyssey, has also seen some marked change with a better suspension system in place, and improved horsepower as also a modification in the wheel structure.

Even in the auto awards department, Honda cars score great points. The Honda Civic scores particularly well on the awards platform, being judged the best Motor Trend Car, while the Ridgeline, a Honda van, gets rave reviews for its show of power. Honda cars also frequently receive accolades for its range of sturdy cars that deliver consistent drive. The Honda car manufacturers have a long standing name for dependability and value for money.

Its no surprise that Honda cars have been adjudged the best models offering good Industry Brand Residual Value by the Automotive Lease Guide.

With several innovative makes in the pipeline, counting the Si Mugen model, Honda cars are likely to meet Gen X face up!
